Dear Sir:

We are submitting to you additional information concerning Section 101 CERCLA and Section 3007 of RCRA for Coakley Land-fill in North Hampton, New Hampshire which is attached and pertains to the insurance coverage we had at the time.

We will forward to you any further information that is submitted to us by Maine Bonding and Casualty Company or from John Sise & Company.

Sincerely,

BEN'S AUTO BODY, INC.

Henry W. Berounsky,
President

Attn: Henry Berounsky

Dear Henry:

Thank you for the bulletin which you sent me dated October 26, 1987 from United States Environmental Protection Agency. We have written to Maine Bonding & Casualty Company and sent them a copy of this. Our records are rather sparse as they represent only (5) years of information. We naturally cannot respond as to whether you are or are not covered as this is a matter for the Company to determine, they will be in touch with you. I have sent them a list of the policies in effect at that time and I am sure that you will be hearing from someone.

Our records and those of the Gardner Agency which we had only go back to 1981. A list of those policies are enclosed for your use. Our office, more or less, has face sheets of the policies and do not contain all the pertinent conditions so we cannot offer you any specific situations here that you might ultimately need to discuss with the EPA. I would say that any specific information that they need from hereon can be funnelled through us to Maine Bonding and they will respond on your behalf. I hope this will be satisfactory for your use and that of your Attorney's. Any additional questions can be directed to me and I will try and be of assistance.

Thank you for this opportunity to be of service.

Very truly yours,

JOHN SISE & COMPANY
